TRANSPORTATION

PAIN POINTS

- Slippery seats increase the risk of falls and discomfort.
- Lack of secure grip on handles makes standing and sitting unsafe.
- Difficulty to find the reserved seat cause of poor placements of the signages.

NEEDS

- we required a more secure and comfortable metro travel experience.
- Upgrading metro facilities would promote safety and inclusivity for pregnant women.

THE NEED STATEMENT

**A NEED TO IMPROVE METRO EXPERIENCE FOR
PREGNANT WOMEN BY ENSURING PROPER SUPPORT
AND GRIP TO PREVENT SLIPS, FALLS, AND
UNNECESSARY STRAIN.**
